VOL. XIII. RENO, WASHOE COUNTY, NEVADA, TUESDAY, APRIL 4, 1882. NO. 3.

COAST CLIPPINGS.

About 6,000 people wintered in Wood River.

A wagon road from Roseburg, Or., to Fort Klamath is proposed.

Marysville is feeding on cat-fish, from two pounds weight down to little ones.

The Sunnyside mine, Eureka District extracts ore from $100 to $1,000 per ton.

The Wood River, Idaho, *Times* foots up the sum of ore and bullion shipments at $900,000.

The new U. S. Marshal of California Moses M. Drew, filed his bond of $20-000 on Saturday last.

Frank Rolfe, the Chinese Camp stage robber was found guilty at Sonora, Cal., on Saturday.

Lead bars are now being shipped regularly from Palisade, Nevada, to New Orleans, Louisiana.

Garrett W. Ryckman the oldest California pioneer in age—84 years—died in San Francisco on Tuesday last.

G. Grozinger, owner of a large vineyard near Yountsville, Napa county, Cal., erected a $20,000 barn lately.

Nathan Barbour, a pioneer of Solano county, who came to California in 1846, died at his home in Suisun Valley on the 27th ultimo.

Three teams loaded with 60,000 pounds of freight, for Jordan Valley and Silver City, Idaho, left Winnemucca on Monday.

The World Beater, Arizona, has a ledge seven feet wide, assaying as high as $4,000. Native silver is found throughout the mine.

The United States stage plying between Battle Mountain and Tuscarora was swept down the Rocky Creek on Wednesday and the mails lost.

Car load after car load of liquid reminiscences—empty beer bottles—go out of Leadville every day and are shipped to St. Louis, Chicago and Milwaukee.

Some Sutter county, Cal., farmer has engaged his growing crop of wheat and barley at $1 50 per cental for the former and $1 20 for the latter, to be delivered in Yuba City.

Allen & Twitchell, of Chico, Cal., who have been raising chickens on a large scale by means of a patent incubator, lost 600 eggs last week because the man in charge let the heat become too intense, and the eggs were roasted.

Under Sheriff John E. Maltley, of Woodland, Cal., was found dead in the brush, about two miles from town. Near by was found a bottle labeled strychnine, which is supposed to tell the story of his death.

J. D. Patterson, of California, has purchased 20,000 acres of land in Navarro county, Texas, and will establish a thoroughbred sheep ranch. He will ship 9,000 head of thoroughbred merino sheep to the ranch.

The cattle on the Owyhee River are in a bad condition and have begun to die. If spring is cold and stormy, 20 per cent. of the cattle will die. They are in such a condition that they cannot be moved until next May. Blackleg has begun its ravages.

A Gigantic Scheme.

The Government of Holland have definitely determined to reclaim the Zuyder Zee, which has an area of 20,000 hectares. The engineers in charge of this work have been engaged for ten years past in preparing the plans, and the total cost is now estimated at not less than $46,000,000. The dyke will be 41 kilometres in length, and will extend from the city of Enkhuisen to the coast of the province of Overyssel. The top of the dyke will be built to the height of five metres above the level of the sea, which will bring it 2.05 metres above the highest tide. The dyke will be formed from sand and faced with clay, and will be built of sufficient dimensions to resist the heaviest seas. It is intended to commence operations on the work at four different points, and the calculation is to have it completed in from seven to ten years.

In Lowell, Mass., resides P. H. Short, proprietor of the Belmont Hotel, who suffered with rheumatism for seventeen years without finding relief from any of the numerous remedies employed until he applied St. Jacobs Oil: "I never found any medicine that produced such remarkable and instantaneous effect as it did," says Mr. Short.

BELL TONGUE SYRUP,

AN ACCIDENTAL DISCOVERY OF great value.

An Inestimable Benefit to Mankind.

UNCLE BEN JO'S

GREAT SOUTH AMERICAN PANACEA.

UNCLE BEN JO was born in Boston in 1800. Being a botanist, he effected many wonderful cures with roots and herbs. In 1814 he went to South America to study botany, and while there accidentally made his great discovery. The natives of this country were quite familiar with it, and had always supposed it to be a poisonous herb, which they used for the sole purpose of keeping snakes away from their tents or houses. This they did by laying it in a circle about the same at a proper distance off. This herb, Uncle Jo, as well as the natives, considered a very obnoxious and poisonous one, and when green and fresh it threw off a very distasteful and repulsive odor. The herb grows about two feet high, and about eight inches of the top part of its stalk is leafless, and this part lops over and hangs downward perpendicularly, and from its curved neck to its end it increases in size, and on the end of the same is a large, burly-looking ball, which stalk and ball, in this hanging position, looks precisely like the tongue of a bell. Hence Uncle Jo named it the Bell Tongue Plant. In South America this herb is only found in the extreme interior of the country, and the natives there call it "Zarr Nero." It is a wonderful cure of kidney and liver diseases, also, dyspepsia, neuralgia and rheumatism. We have a whole library full of testimonials. Sold by

It has always been the policy of the proprietor to make the GAZETTE a first-class local paper, with full accounts of everything that occurs in Reno, or Washoe county, or the State of Nevada. The resources of the country are carefully studied and written up by able correspondents, and the GAZETTE has done as much as all the other papers combined in this respect.

A BLOW AT THE REPUBLIC.

The defeat of the Chinese bill by the veto of President Arthur, which is announced by our telegraph report is the hardest blow ever struck at the perpetuity of this Republic. The war of 1812 strengthened us by proving our ability to maintain the independence our arms had achieved. The Mexican war brought us new territory, with new fields for development. The war of the rebellion wiped out slavery, and thus removed a cause of uneasiness and discord, allowing the nation to assimilate into one common whole. That is absolutely necessary to the perpetuity of a people. A majority must have sentiments and temperaments as nearly alike as can be in order to live and pull together. Bagehat defines a nation as "a like body of men, because of that likeness capable of acting together, and because of that likeness inclined to obey similar rules." A nation may be composed of parts of various nations, but they must be of a common race and civilization. The Indians and negroes are living illustrations of the fact that where the races are different, assimilation is slow, if not impossible. The difference can only be wiped out by the slow process of absorption, or else by the extermination of one. In the case of European immigration the process of assimilation is very rapid. The children born here of most Irish parents are thoroughly American. So are those of the Germans, French, Spanish and others.

In the case of the Chinese all is different. Each race must stand by itself, as they are each unable to appreciate the other. The Caucasian looks to the future, the Chinaman to the past. The Caucasian has been working up towards liberty since time began. The Chinaman has always worshipped his ancestors, and the Emperor is the father of the race. No change is asked for or desired. The spirit of conservatism is crystalized and immovable in him. The Caucasian has ever been a critical, captious and dissatisfied people—always complaining of their rulers, always suspecting them, allowing them very little authority. These differences are fundamental. They are older than language. If we are from a common stock the families separated before races were formed and when all language was monosyllabic. While we have been in a constant transition state, the Chinese have remained unchanged. They have existed as they are to-day since long before a single language now in existence was spoken, long before even our classic dead languages were born. While civilization after civilization has come and gone, like bubbles on the sea of time, they have lived and died, generation after generation, century after century, content with the conditions their fate imposed upon them. If they continue to come here but one result is possible. They will never be assimilated, but will drive out all who compete with them, and in future ages travelers will discover mysterious ruins which are now the walls of our homes, our factories and warehouses, our irrigating ditches and reservoirs. That will be all that can be found of our civilization. There will be nothing to stop the Chinese settling Illinois and Ohio, and the struggle will finally involve the foundation of the Republic unless means are adopted to prevent immigration. We still confidently believe and hope that this will be done by the present Congress.

EDITORIAL NOTES.

The Esmeralda *Herald* says the people want Hon. M. A. Murphy for their District Judge. Mr. Murphy has been a conscientious and painstaking officer, and would be a faithful Judge.

Col. George G. Lyon emphatically denies any intention to retire from the position of Private Secretary to the Governor. Few die and none resign.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN.

What He Thinks.

WASHINGTON, April 4.

The President said that Chinese labor had been of great value in this country, and that the monuments of their industry existed. They had largely built the Pacific railroad across this continent, but it might be wisely considered now whether some restriction may be put on the immigration of this labor. But if there be too much of it in one section of the country the same labor may be needed in another section, and the law should consider this matter and make such limitation as would be limited or restricted to a reasonable period.

Immediately after the reception of the President's message vetoing the Anti-Chinese bill, the President pro tem. suspended the operation of business, to lay the communication before the Senate, and directed it to be heard. The reading of the message was listened to with great interest.

The vital objection of the President is to a twenty years' suspension of immigration, which he construes as virtually prohibitory, and therefore a violation of the spirit, if not the letter of the negotiations upon which the treaty was based, and as a breach of national faith. The message calls attention to the proposition made by the United States Commissioner on this point, and the counter-proposition on the part of China to show that by the understanding of the latter country's agreement which ultimately was made, immigration would be limited or restricted to a reasonable period. The President then points out other features of the Act, which, in his candid opinion, can be modified to advantage. The system of personal registration and passports is specifically mentioned as undemocratic and hostile to our Constitution, and he alludes to the omission of the Act to make any provision for the transit to China of Chinese subjects now settling in foreign countries, to which subject, the President adds, his attention has been called by the Chinese Ministers. The message referred to the alleged benefits to its industry derived to the Pacific slope by the presence of the Chinese heretofore, and expresses apprehension of injurious effects upon American commerce with Chinese legislation of the character of that proposed by the United States.

Eastern Election News.

CLEVELAND, O., April 4.

The election here to-day was very quiet. The Democrats will probably elect the most, and possibly all the city ticket. The Republicans have lost six councilmen. Returns not yet complete.

DAYTON, April 4.

Returns from thirteen precincts in this city show a Democratic gain of 493, and a Republican gain of 52. The probability is that the city is carried by the Democrats, with a majority of about four hundred for Mayor. The city ticket is elected by the Democrats. The Pond bill was undoubtedly the cause of the Republican defeat.

INDIANAPOLIS, April 4.

The election in this city for Township Trustees and Justices of the Peace, resulted in a complete victory for the Democrats by five or six hundred majority. At 11 o'clock returns from 61 out of 65 precincts show a Democratic majority of 580. Nearly the entire German vote was cast for the Democratic ticket, in the saloon interest as against prohibition. The total vote polled is largely below the average.

DETROIT, April 4.

A large number of municipal elections were held in Michigan to-day. Lansing went Democratic on the temperance issue; Flint, Republican; Owasso, Democratic; Hillsdale, Republican; Marshall, Democratic. On the temperance issue the successful candidates were opposed by saloon men. Ann Arbor elected a Democratic Mayor, but the balance of the ticket is Republican. Jackson accomplished the same feat. Grand Rapids went heavy for the Combination ticket—Greenback and Democrat. Local issues everywhere largely predominated.

Jesse James, the Bandit, Taken In.

KANSAS CITY, Mo., April 3.

The news of the killing of Jesse James created an immense sensation in this city, although the report was generally treated with incredulity, and even at this late hour many unbelievers can be found. This afternoon, as soon as the news was received here, Police Commissioner Craig left for St. Joseph with a heavily armed posse to guard the body of Jesse James, and protect the man who had killed him. At the police station it was learned that Bob Ford, a young man who has been hanging about the station for the past two weeks, was the person who shot and killed James. Ford left this city about a week ago and joined James in the vicinity of St. Joseph, remaining with him until an opportunity to kill him was found. From the police it is learned that Ford, who is said to be a member of the gang, was under the control of Craig, and was being used as an instrument for James' destruction. Ford is a young man about twenty-two years old and looked like a verdant youth from the country. In appearance he is a mere boy.

ST. JOSEPH, Mo., April 4.

Ford, who killed James, was only 20 years old. The shooting, although wholly unjustified, vindicated the law, and Ford will doubtless get the $50,000 reward offered by the State for James, dead or alive. Charles Ford has been an accomplice of James since the 3d of November last, and possessed his entire confidence. Robert Ford joined James March 23d, several months after he moved here. They rented a house under the name of Thomas. The house was situated for defense and retreat. Jesse had two horses in the stable. Charles and Robert Ford had been in one room in the cottage, James had planned to rob the bank at Burgess City this week, and Robert was chosen as the third companion, and they were going to-night. Ever since the boys had been with Jesse they had watched for an opportunity to shoot him, but he was always so heavily armed that it was impossible to draw a weapon without him seeing it. They declare they had no idea of taking him alive, considering the undertaking suicidal. The opportunity they had long wished for came this morning. Breakfast was over. Charles Ford and Jesse James had been in the stable currying their horses preparatory to their night ride. On returning to the room where Robert Ford was Jesse said: "It is awfully hot to-day," and pulled off his coat and vest and tossed them on the bed. Then he said: "I guess I'll take off my pistols for fear somebody will see them if I walk in the yard."

What They Want.

NEW YORK, April 4.

A prominent officer of the Government said last night that if there had been no prospect that Congress would pass a bill with a five or ten years limitation after a veto the present bill might perhaps have been signed, leavit to the Chinese Minister to complain of the law of which Congress could be called upon to correct the injustice. Just such action as this is contemplated in the treaty, where it is provided that the Chinese Minister may make representations to our Government respecting legislation. It is apparently expected that a bill with a five or ten year limitation will be gladly accepted by the opponents of Chinese immigration when they find they can get nothing better.

An Officer Murdered While Making an Arrest.

KANSAS CITY, April 4.

Officer Pat Jones attempted last night to arrest two negroes on suspicion that they had stolen some butter. As he was walking with them one of them shot him three times, when both broke and ran. One was, however, seized and held by the people who had gathered, until the police could take him to the West Kansas City police station. As the officers were removing him to the central station a mob collected, seized the negro and hung him from the Bluff street bridge. There was great excitement for a time, but it soon cooled down. Officer Jones leaves a wife and five children.

Governor Crittenden Officially Notified of the Death of Jesse James.

JEFFERSONVILLE, Mo., April 4.

Governor Crittenden has received telegrams from the Sheriff of Timberlake and others, notifying him of the death of Jesse James, and he expresses himself as satisfied of the identity of the man killed. He has ordered the body of James taken to Kansas City under a heavy guard, and leaves for the same place at 1 o'clock to-night. He says the only member of the original band that has so long been a terror to the railroads and banks, not accounted for, is Jim Cummings.

The Wrong Man Hanged.

CHICAGO, April 4.

There is a riot in Kansas City over the lynching of a negro, supposed at first to have been guilty of shooting a white man in the streets, but subsequently discovered to be the wrong man. The negroes are said to have risen in arms. The wires are loaded, and no verification of the report can be obtained.

Opposed to Imprisoning Americans.

NEW YORK, April 4.

At a large meeting last night called to protest against the action of the English Government in detaining American citizens without trials in English prisons. Mayor Grace presided. A large number of prominent citizens, Congressmen and others were present.

Rumor.

WASHINGTON, April 3.

It is understood that the Cabinet at a meeting to-day decided upon an adverse action on the Chinese bill, and that the President will send in his veto to-morrow.

Served Him Right.

INDIANAPOLIS, April 4.

Charles Gurson, arrested at Kokomo for theft, and rape on a three-year-old child, was taken from the jail by a mob and hung last night.

The President Vetoes the Chinese Bill.

WASHINGTON, April 4.

The President has sent in his message to the Senate vetoing the Chinese bill.

—At Columbus, Ohio, to-day, a large vote was polled, and 16 Republican to 12 Democratic Councilmen elected.

WESTERN TELEGRAMS.

The Effect of the News in San Francisco

SAN FRANCISCO, April 4.

The news of the vetoe of the Chinese bill caused considerable sensation in the city, although it had been partly expected. Bulletin boards were at once surrounded by interested crowds, and groups stood at street corners discussing the unwelcome intelligence. One excited citizen began to harangue passers by from his buggy on the corner of California street, and soon had a crowd of hundreds around him, but in a few minutes he was ordered away by the police. Regarding the political bearing of the matter Republicans are despondent, while Democrats are devided between regret at the failure of the legislation in the interest of the community and joy at the set-back it will give their political opponents.

BORN.

VAILLANCOURT—In Reno, March 31, 1882, to the wife of F. Vaillancourt, a daughter.

The Entertainment Last Night.

Leavitt's Gigantean Minstrels opened last evening to a fair house, the inclemency of the weather considered. Those who paid the one-dollar admission fee went away feeling somewhat disappointed. The troupe is composed of the best talent in America, and can give a first-class entertainment if they feel like it. What they did do last night was really good. Connor & Kelly are perfectly wonderful in their line, and their tumbling is paralyzing. The Rankins in their musical absurdities were very good. The American Four provoked much laughter and are a good show of themselves. Soloman is the boss whistler of the age. He can truthfully imitate any bird, or most anything else from a hatching chicken to the whistle of a fog horn. The entertainment closed with "The Mash-I-Got," a burlesque from "Mascotte."

Electricity as a Healer.

The *Pacific States Watchman*, the official organ of the Order of A. O. U. W., pays one of its members the compliment of saying that electro-therapeutics, as a science, is growing in favor as one of the best and surest remedial agencies in the treatment of almost all diseases, especially those of a chronic nature or diminution of the vital forces. Brother W. J. Horne has made this science a lifelong study, and by patient and persevering industry has succeeded in making what is known as the "electro-magnetic medical belt," that is receiving the highest testimonials as one of the greatest curative agents in diseases of the human system. He has lately succeeded to the firm of Horne & Mest, 702 Market street, San Francisco, and is now the proprietor and manufacturer of this celebrated electric belt.

Home Talent.

Bobby McGinley promises to be in Reno the first week in May, and give a first-class show. His company has made a long tour through all the country north of here, and over into Shasta and other counties west of the mountains. They have been well received everywhere, and draw in the entire country within reach, wherever they show. Bobby has many friends in Reno, who will be glad to see him again.

Sawmills.

The Truckee Lumber Company's mills and Katz & Henry in Dog valley, are making lumber. These are the only mills on the river that are running. The Dog valley mill cut thirty thousand yesterday. They use a new patent saw made on purpose for frozen logs.

Military Call.

Captain Moger, having obtained names enough to organize a military company, Judge King, in accordance with law, has appointed R. H. Lindsay to preside over a meeting called for April 15th at 7 o'clock P. M., at the Court-house for the purpose of organizing said company. See ad.

THE HORSES.

Some Going East, Some in the Stud, and Others Training for the Races.

A GAZETTE reporter spent a little time on Saturday gathering up news among the San Francisco horsemen in regard to what is going and coming. L. R. Martin imparted the information that Baldwin's stable of six would go East this Spring, and consequently would not start in any of the Spring races for which they were entered. He expects to get back just about in time to stop at Reno and take in the Nevada State Fair. The horses are now all down on the ranch, and will not leave there until they are put on the cars. Clara D. is the first on the list and will lead the stable. She is now 7 years old, and has run a mile in 1:43 and back in 1:43¼. Albert C. is a 3-year-old, that has never won a race. He is entered in a race at Long Branch that has over a hundred names down now. The race is for five thousand added. Sunday, a 3-year-old filly, by Monday, out of Pete, is a fine beast. Lucky B. is a 2-year-old, brother to Albert C., and is now sixteen hands high and weighs 1,150 pounds. He is by Rutherford, out of Maggie Emmerson, and they think he will be heard from. Gano, by Grinsted, out of Santa Anita, is highly thought of. Grismer is a chestnut colt from Jennie D. Much interest is manifested in sporting circles at the departure of this promising family, and their Summer's work will be watched carefully.

JENNIE B.,

Is bred, and awakens great expectations as a dam. She is one of the best animals ever run on the coast. Mollie McCarthy is on Baldwin's ranch, with a young colt at her side and another a year old. Of the other stables Mark L. and Lottery are East now and Mr. Schawartz is training a full sister of Lottery. Governor Stanford has a fine stable. Precious is talked of more than any other. J. McM. Shafter is working Nighthawk and Haddington at Oakland. Winters has lots of horses. Two of his 2-year-olds and the Duchess of Norfolk are supposed to be his favorites. Hearst has eight head in all of 2 and 3-year olds, with Jim Brown at the head of his stable. Ab. Stymer has Fred. Collier, who is now a fine horse, and some others. A. B. Chase has Winifred, a 4-year-old, by Joe Daniels, out of Electro, and a 3-year-old, not named, by Hubbard, that promises well; also, a nice 2-year old out of Folly. J. C. Judson is training a stable with Wildidle and Wm. Boots, Nathan Coombs and some colts. There are no doubt many dark ones, and the boys will have no trouble in finding favorites worthy of all the money they want to bet.

A Busy Place.

Alphonse Nadon's carriage shop on Fourth street, next to Lee's stable, is a busy place. Mr. Nadon keeps five first-class workmen employed all the time. He is doing a deal of new work and turning out some of the finest farm and spring wagons, buggies and buckboards ever set up. His timber is carefully selected from the best of stock and thoroughly seasoned. The iron work and painting cannot be excelled in any country.

Mr. Nadon warrants all his work to be first-class in every particular. He has one of the most skilled farriers on the coast. No more lame horses if you go to Nadon's shop. He is prepared to do all kinds of repairing on short notice at lowest rates. Call and inspect his work. Farmers will find Mr. Nadon a very pleasant man to do business with.

A New Idea.

H. S. Kent and G. W. Hildreth, who have both been running on the overland road for years, have engaged in a new venture. They have opened an elegant little place opposite the Lick House, under the name of Kent's Quaker Dairy, where they set out a dish of pure cream and half a dozen kinds of mush, the nicest meats, coffee, tea, fruit, berries, etc., and all in the most tempting and appetizing shape. Visitors to the city who lunch down town will enjoy a call there very much.

The Choicest Fresh Seeds

The farmers and gardeners are attesting their appreciation of the successful efforts made each season to supply them with the choicest fresh seeds at the lowest Eastern prices by our leading druggist and seedsman R. E. Queen. His entire stock of seeds is fresh and of the best quality, embracing the choicest varieties of vegetable and flower seeds, direct from the famous seed farms of James Vick, New York, and D. M. Ferry, Michigan. Also a full line of grass seeds.

Lost Man Department.

Information is wanted of Charles G. Fogg, formerly of Virginia City, Nevada, and was last heard of at Grantsville. He is a house and sign painter by trade, and also a prospector and miner. Any person knowing his whereabouts will confer a favor by dropping a line to the Eureka *Sentinel*.

Cattle Shipments.

For the last few days cattle shipments to the West have been rather dull on account of the scarcity of beef here and the decline of price in the California market. George Humphry ships to-night three car-loads to Dutch Flat.

Musical Convention.

Professor Perkins opened his musical convention at the Baptist Church, and to judge from the large attendance on this first day, the enterprise promises not only to be a success to Professor Perkins, but a most useful, instructive and entertaining pastime to the numerous ladies and gentlemen participating. His instructions and corrections are given in such an easy and plain manner as to make music, even to the most unexperienced ear, as plain as A, B, C. His lessons this morning and afternoon were in voice-culture, singing and sight-reading. The pieces sung were oratorial, glee and chorus music generally; rehearsing with extraordinary exactness and melody the choruses of old masters, as Handel's Hallelujah from the Messiah; Rossini's Inflamatus of Stabot Mater; the Vintage Song of Mendelssohn's unfinished opera Loreley; Mozart's Twelfth Mass, and other benedictions. From present indications his rhythmical courses will be appreciated and well patronized, and Reno's musical public will be greatly elevated and improved.

Sheepskin as Velvet.

The novel and interesting process announced some time since, in France, by which the wool of sheepskins may be transformed into velvet, is likely to prove of industrial importance. Up to the present time sheepskins, tanned with the wool on, have only been used for mats, linings of coats, &c., and the wool, not having been subjected to any preparation, is always matted or curled. Observing that the innumerable fibres are naturally disposed in the most regular and perfect order, peculiarly fit for velveting, an ingenious chemist conceived the idea of cleansing the skin and wool of all impurities, and of so preparing and dressing them that the hairs would be well preserved and not entangled one with the other—the occurrence of the latter contingency being, of course, fatal to the success of the operation. After long and continuous experiments, success has been achieved, the article produced being alike beautiful and serviceable, and destined, it is thought, to become a permanent and important article of manufacture.

We both unite in pronouncing it to be the best medicine ever used, and in recommending il o others as a safe remedy.
